CLAS Curriculum Committee Meeting
2:00 p.m., March 8, 2016
Pugh 210

Present: Chris Bell, James Essegbey, Youssef Haddad, Issy Ojalvo, Mark Rush, Raúl Sánchez, Andrew Zimmerman, Patricia Woods
College Resource Dean: David Pharies
Meeting called to order at 2:00 p.m.
Approval of minutes of February 9, 2016

Note: The Committee has several concerns to raise concerning the approval system: (1) The committee feels that the UCC2 form is unmanageable in its current form, which is so long that it can be difficult to understand what change is being requested. (2) The committee feels that it is unclear whether or not (or when) a syllabus checklist must be included (see http://approval.ufl.edu/course_modify_ugrad-pro). (3) The Committee is unsure of how to judge how much detail must be included on UCC1 requests under “Grading Scheme” and “Additional links and policies” (especially regarding attendance and make-up work).

UCC2
AFA 4973 African American Studies Senior Integrative Seminar 2 – approved
GET 3200 The Literature of Knighthood – tabled for February 23rd meeting (syllabus needed)
PSB 5935 Seminar in Physiological Psychology – approved
GIS 4037 Digital Image Processing – tabled for February 23rd meeting (syllabus needed, change transcript title, change “You will learn” to “Address” in course description)
GIS 5038C Remote Sensing – tabled for February 23rd meeting (syllabus needed, change transcript title, change “You will learn” to “Address” in course description)
GLY 6862 Numerical Methods in Earth Sciences – approved
WST 3335 Women and Gender Analysis through American film (irrelevant, Gen Ed request)
MAC 1147 Precalculus: Algebra and Trigonometry – conditionally approved; find out why set as course prerequisite rather than departmental policy; find out why applied to 1147 and not other, similar courses
